DESCRIPTION

The finishing panel for the Pergola contains steel cables that serve as supports for climbing plants. These cables are made of stainless steel and are mounted to flat bars attached to the pergola frame. The flat bars, made of carbon steel, are galvanised and powder coated in any RAL colour of the customer's choice. The climbers can be planted directly in the ground or in two additional pots from the Stilo series, available for purchase.

GENERAL TECHNICAL DATA

Materials

- Carbon steel, galvanised, painted in RAL colour
- Wire rope

Dimensions

- width: 3 m
